Application for Departmental Honors

Please submit application to robcorra@sas.upenn.edu by April 13th, 2020

Name: _____________________________________ Length of Time in Lab (semesters): ______

Sponsor:_____________________________ Cosponsor:_____________________________

Concentration (if applicable): Molec and Cell Neurobiology Ecology & Evolution
Mathematical/Computational Mech. of Disease

Proposed Thesis Title:
______________________________________________________________________________
______________________________________________________________________________

Please provide several key words to describe the subject area of your research:
______________________________________________________________________________
______________________________________________________________________________

To be considered for honors, the project must be primarily your work. It must be part of an unpaid independent study and you must have written the accompanying paper yourself. Your advisor can help by proofreading the document and suggesting improvements but the submitted paper must be in your own words. All submissions must have an “Author Contributions” section.

I certify that the paper I submit is my own work and is not being submitted for a grade in a course (other than BIOL 399 or 499) or for honors in any other department.

______________________________________________ ________________
Signature Date

Please discuss your submission for honors with your sponsor (the person in whose lab you worked) and obtain their signature below. We will contact your sponsor if the committee needs any additional information.

I certify that I am the advisor for this project and I support the submission of this paper for honors consideration in the Department of Biology.
